The road works on the above-mentioned sections are being carried out with the restricted traffic redirected to neighboring strips or with the limited speed regimes, there are appropriate road signs signposted (indicating the detour route, where it is necessary).

Road works are underway in other parts of the national highways as well. The Road Maintenance Services apologizes for temporary inconveniences and addresses the participants of the road traffic asking them to be extremely careful and cautious, to observe the speed limits and the road signs requirements.
