

15 June 2017

Dear Sir/Madame,

In connection with the planned changes to the functioning of the electronic toll collection system viaTOLL within Poland, I would like to notify you that starting from 9 July 2017, the toll road network will be expanded for the drivers of vehicles with maximum permissible weight (MPW) over 3.5 t by approx. 360 km.

The viaTOLL system including vehicles with MPW > 3.5 t includes 1565 km of national roads, expressways and motorways managed by GDDKiA starting from 1 July 2011. After the extensions planned for July 2017, the system will cover about 3 600 km of national roads, expressways and motorways managed by GDDKiA.

Expansion of the viaTOLL network of toll roads planned for 9 July 2017:

- **S8 expressway** – from the intersection with the district road no. 2012B to the Mężenin node (about 16 km);
- **S19 expressway** – from the Lublin Sławinek node to the Lublin Węglin node (about 9 km);
- **national road no. 24** – from the Skwierzyna Południe node to the intersection with the national road no. 92 in Pniewy (about 53 km);
- **national road no. 50** – from the intersection with the national road no. 92 in Kuznocin to the intersection with the district road no. 3835W in Guzów (about 15 km).
- **national road no. 50** – from the intersection with the national road no. 876 in Chudolipie to the intersection with the district road no. 683 in Guzów (about 42 km).
- **national road no. 50** – from the intersection with the district road no. 2709W to the intersection with the district road no. 4201W; (about 47 km).
- **national road no. 50** – from the intersection with the district road no. 4202W to the Brok node (about 32 km);
- **national road no. 92** – from the intersection with the district road no. 1258F in Boczów to the intersection with the district road no. 1225F in Poźrzadło (about 21 km).
- **national road no. 92** – from the intersection with the district road no. 1238F to the intersection with the district road no. 1211F in Myszęcín (about 23 km).

- **national road no. 92** – from the intersection with the district road no. 1217F to the intersection with the province road no. 305; (about 34 km).
- **national road no. 92** – from the intersection with the national road no. 14 in Łowicz to the intersection with the national road no. 50 in Kuznecin (about 23 km).
- **national road no. 92** – from the intersection with the national road no. 50 in Sochaczew to the border of the city of Warszawa (about 44km).

Following the extension of viaTOLL, new Points of Sales (POS) are going to be opened. Current list of POS is available on www.viaTOLL.pl (www.viatoll.pl/en/heavy-vehicles/customer-service).

We kindly request that you familiarise yourself with the above changes and pass all the relevant information to all persons and institutions interested.

More info available:

- on the website www.viatoll.pl
- at a call centre on + 48 22 521 10 10 (for mobile calls and overseas calls operators rates apply)
- at the email address info@viatoll.pl and media@viatoll.pl.

Best regards

Dorota Prochowicz
