

Yellow vests manifestations

France - Spain (December 20, 2018)

It is very difficult to foresee the events of the Yellow Vests.
All we know at this time:

- On the Boulou / Perthus will be blocked this weekend from Friday evening, on the French side of the border by the Yellow Vests and the Spanish side of the border by the Catalan separatists.
- On the La Crèche Road Center, near Niort, there will be filter dams.
- On the Rungis market, there are risks of filter dams starting at the middle of Friday night.

We recommend that you visit the site www.bison-fute.gouv.fr, a good source of information in real time, although it is not always exhaustive, we still can find the main notable events.
