

Updated on coronavirus (COVID-19) outbreak – Austria

Please find enclosed a short summary of the latest info:

- Goods transport from and to Italy are possible
- Temporary reintroduction of border control at the internal borders with Italy (valid for the next 10 days)
- Cessation of rail transport from Italy - **does not apply to freight transport** (valid until 3 April 2020).
- Measures on entry from Italy (Persons wishing to enter Austria from Italy must carry a medical certificate (in German, English or Italian) stating their state of health and showing that the molecular biological test for SARS-CoV-2 is negative). The medical certificate must not be older than four days at the time of entry. **Does not apply to freight transport and commuter traffic!** (valid until 3 April 2020)
- Truck drivers are medically examined on entering Austria (body temperature measurement, survey of the travel movements) - Transport companies have to be prepared for delays.
